

Wood machining

For wood machining, we offer a comprehensive range of finished and semi-finished products: rods, strips, planer blades, indexable knives, blanks and blanks for profiling. You can count on our in-depth knowledge of the market, resulting from many years of working with all kinds of applications. With a lot of our products, we have been the exclusive partner of market leaders and setters of quality standards for many years now.

We constantly develop and refine our portfolio of carbide grades to ensure the right choice for all kinds of materials and machining conditions, for example our proven KCR grades. We are happy to help you select the best grade for you, depending on your application, to make you even more successful in future.
