MaxiMill 491 The new 90° shoulder milling system

The new MaxiMill 491 shoulder milling system from Cutting Solutions by CERATIZIT features 8 usable cutting edges per insert and shows excellent performance, quality and price-performance ratio.

Thanks to the latest grinding technology, the precision inserts can be produced with tolerance H. This enhances the service life of the cutting edge, allowing top-quality surfaces to be achieved on your component.

Reduced vibration is a particular advantage when it comes to low-power machines and thin-walled, unstable components.

Quick and easy insert mounting

Durable tool body in new material and 'Hard & Tough' coating

Tools available with close or wide pitch

TorxPlus

Exact 90° profile

Chamfered coolant holes suitable for MQL, emulsion and compressed air
